CHAMBER OF COMMERCE

REGULAR MONTHLY MEETING OF CIVIC BODY HELD AT HEADQUARTERS

The regular monthly meeting of the Glendale Chamber of Commerce was held in the Chamber of Commerce room, 1011 W. Broadway, Friday evening, November 12. The meeting was presided over by J. W. Usilton, president, and R. M. Jackson, the secretary, performed his usual duties. After the reading of the minutes by the secretary President Usilton gave his regular monthly recommendations which are as follows:

The members of this organization are to be congratulated on the success of the banquet and entertainment recently given at the sanitarium—the management of that institution should be thanked; also the ladies who contributed to the entertainment by readings and songs.

A citizen of Glendale asks the Chamber of Commerce why the city of Glendale is without a town clock, and cites that it is the first city she has ever resided in that is without such a convenience.

The Chamber of Commerce should make recommendations at this time to the city trustees so that a series of concerts may be arranged for and a bandstand erected for their convenience. There should be some particular location where these concerts can be held. This would give citizens of all sections of the city a chance to become acquainted. Moving from east to west on different nights will not tend to harmony.

Florists, gardeners and ranchers should take advantage of the large show window in front of the chamber of commerce room to display their products. This would be very little trouble and would be interesting to residents of Glendale as well as visitors.

It has been the custom when more money is needed by those levying taxes to increase valuations, as in most states a maximum is fixed of a certain per cent per \$100—and this cannot be exceeded. When more money is needed there is no recourse other than the one mentioned above. Numerous inquiries have been made asking if it is true that the equalization board is raising values over the entire city of Glendale. Perhaps members of the board can enlighten this organization in a manner that will be satisfactory.

The secretary, R. M. Jackson, then suggested to those present that Glendale should form a Home Trading organization and it should be the object of this body of people to do all they can to encourage the practice of trading among the merchants of Glendale. He thinks there are many articles now purchased outside of Glendale that can be bought at as low prices from Glendale merchants. The secretary also suggested that committees should be appointed in different localities in the city of Glendale whose duty it will be to encourage neighborly visitations. He said that he had learned that people who some time ago settled in Glendale moved to neighboring cities because there was a lack of sociability in the community in which they lived in Glendale.

The secretary read a communication from the Wood Manufacturing which is now located in Los Angeles in reply to a letter which had been forwarded from the Chamber of Commerce to Mr. Wood. Mr. Wood's communication set forth upon what conditions he would transfer his plant to Glendale. The letter was referred to the Chamber of Commerce committee having charge of the Industrial department.

The secretary gave a very comprehensive report concerning the receipts and expenditures in the instance of the Chamber of Commerce banquet held at the Sanitarium. He said that after all the accounts are settled there is a deficiency of \$1.

It will be noticed in the recommendations of the president that special mention is made concerning the erection of a band stand. Upon this question there was considerable discussion, it being the sense of those present that it is for the city's benefit to provide a stand from which the regular band concerts may be given during the summer months.

After some discussion concerning the work that the local equalization board is doing in the way of readjusting county tax assessments of property in Glendale, Mr. J. C. Sherer offered the following resolution:

Resolved: That it is the sense of this meeting that the city of Glendale has nothing to fear from the work of the committee that is in session here at present working as a board of equalization, understanding as we do

IN NEW MINING TOWN

C. O. PULLIAM TELLS OF GREAT DEVELOPMENT OF MINING IN OATMAN, ARIZONA

Mr. C. O. Pulliam, proprietor of the Pulliam Undertaking company, who recently made a journey to the new mining town of Oatman, Arizona, returned Thursday from that interesting trip. "We left Glendale Thursday, Nov. 4," said Mr. Pulliam. "Along with myself went John E. Pirtle, F. Showalter, Earl Showalter and Ray Borthick. We were all anxious to see the new mining town of Oatman, which has sprung up in a night on the Arizona desert.

"Leaving Glendale by auto we sped quickly along to San Bernardino. Thence we went to Barstow, where we stayed over night. Next day we went on to Needles, that famous town on the borders of California and Arizona, which has a reputation for heat probably second to none in the desert country. While we were there, however, this being winter on the desert, the weather was only pleasantly cool. We stayed in Needles and then went on next morning to Oatman, which is 22 miles from Needles.

"While every one does not know Oatman as yet it may be well to keep in mind that Oatman is no new mining district. It is merely the name given the little camp that has sprung up since recent developments there became known to the public. Oatman lies on the hillside close to the famous Tom Reed mine, which has yielded millions of dollars of gold during the past years. Naturally all the property in this vicinity partakes of the same nature and formation as the Tom Reed.

"Here the formation is reliable. They have been working it steadily for many years. In the Tom Reed mine there is more than \$10,000,000 in sight even now. Another good mine is the Gold Road, which employs 150 men and has a 40-stamp mill on its grounds. The vein here is good and keeps getting better the deeper it goes.

"One of the new mines is the United Eastern. This is an Oatman mine. A great deal of development work has been done here and, if reports are to be believed, there is about \$60,000,000 worth of ore already blocked out. That may be an exaggeration and again it may not. Some of the ore is said to run about \$4000 to the ton. Of course if there were much of it it would not be long in running into \$60,000,000. The vein is 8 feet wide.

"Stock in the United Eastern is now quoted at \$4.50 and none of it is being sold. It is also stated that a New York capitalist has authorized the erection of a stamp mill for a sum of \$250,000. Building has been begun on this construction.

"People are going into the camp from the outside at the rate of about 50 a day. The camp itself is now a city of about 2000.

The town is scattered all over the hillside. Every imaginable kind of shack is being erected. Meantime the prospectors are sleeping in tents and anywhere they can get to lay their heads. A township has been laid out and stores have sprung up like mushrooms.

"There are forty-five different prospects that are fairly well developed. These are down anyway from 100 to 350 feet and as they go down the prospects get better. Those men have something better to show than a mere 'hole in the ground.' These prospects are scattered around Oatman for a distance of about three miles. The vein is everywhere well defined and there are no faults. While we were there it rained hard and the weather at that altitude, 2600 feet, was rather cold and disagreeable."

H. P. COURTNEY BUYS NEW OVERLAND

H. P. Courtney of 517 Orange St. purchased a new 1916 model, 7-passenger Overland touring car of the local agents, A. L. Meyers & Son, Friday of this week. Since establishing the local agency in Glendale about a month ago A. L. and H. L. Meyers have delivered a couple of cars and sold several Willys-Knights which they have been unable to deliver.

WEATHER FORECAST—Fair tonight and Sunday; continued cool; heavy frost Sunday morning; northerly winds.

that a similar equalization of property values throughout the county is taking place; that while we believe that taxes are inexcusably high, the cause of this will have to be looked for elsewhere.

There being no further business the meeting adjourned.

WORK ON ISTHMUS

FLOYD A. HOUCK TELLS OF RECENT DOINGS ON THE PANAMA CANAL

"Whatever difficulties may confront the engineers of the Panama canal at present on account of the slide in the famous Culebra cut," said Mr. Floyd A. Houck, 128 E. Broadway, "they will all be surmounted in time. There is no difficulty there that has not been anticipated long ago and the engineers who did the much greater work of building the canal are certainly capable of handling the slides.

Mr. Houck has just returned from the Panama canal zone, where he occupies the position of clerk and time-keeper in the administration building at Balboa. His duties take him at times over the whole length of the canal to the Atlantic end at Cristobal.

"It would be difficult for those who did not see the Canal Zone before the United States took it in hand to realize what a transformation has taken place. The Zone, a stretch of territory ten miles wide and fifty miles long, has been cleaned up until malarial fever and yellow fever have been practically banished; smallpox, too, once a terrible scourge, has been entirely banished. Balboa is a large American town, with fine streets and houses carefully screened from the possible invasion of the fever-carrying mosquito.

"As for the slides, while they have occasioned some trouble and delay in shipping they will be overcome. The great Curcuracha slide for a long time was in evidence only on one side of the canal. Now the soil is sliding down from both sides and the lifting of all that weight from the peculiar formation that prevails in the Culebra cut has forced up the bottom of the canal. Steam shovels are being installed again and before long the cut will be free from end to end.

"Life is pleasant in the Zone and from having been one of the most unhealthy places in the world it has become one which enjoys a wonderful immunity from disease. The rainfall, of course, is very much in excess of anything ever known in California. Where this state has an annual rainfall of 12 inches Panama has 12 feet. The rain comes down in sheets and presents an aspect never witnessed here.

"I will spend two weeks in Glendale and go back to the Isthmus and to my work. I am really glad to see Glendale again to enjoy its unique climate. It is refreshing after the tropical showers and heat of Balboa and the Zone."

TURKEY THIEF ABROAD

People who have been raising turkeys for Thanksgiving should keep a good lookout on their stock at night and see that they are properly secured. Turkey thieves have been attempting to break into several yards and in one instance succeeded in doing so three times, each time stealing a turkey. The complaint in this case was made by A. L. Maddy, 210 Belmont street. Mr. Maddy has a healthy and well-fed flock of Thanksgiving and Christmas birds of which he is legitimately proud. The turkey thief evidently knows a good thing when he sees it as he has visited Mr. Maddy's yard on three separate occasions and each time succeeded in getting away with the spoil.

Mr. Maddy, aroused the other night, made a hasty rush to catch the thief, but only succeeded in catching a glimpse of a dark form hurrying away accompanied apparently by a large dog. The police investigated the case and have discovered by careful measurement that the tracks left by the thief indicate that he wears a shoe measuring 10½ inches in length, 3½ in width and 2½ heel. Other clues are being followed up.

LAST OF SERIES

Fifty guests attended the last of a series of card parties given by the choir of St. Mark's Episcopal church at the home of Dr. and Mrs. D. W. Hunt, corner Adams and Fifth Sts., last evening. Ferns and the feathery flower of "Nippon land" added to the beauty of the rooms in which card tables had been placed. With Mrs. Hunt, her daughter Dorothy, Ruth Wilson and Frae Morse Wells received the guests at the door. Prizes for the evening were awarded to Mrs. S. O. Pulliam and Mr. Norman N. Badger, while the grand prizes for the series were captured by Mrs. Helen F. Campbell and Mr. H. H. Faries. Light refreshments were served at small tables.

ORCHESTRA CONCERT PLEASES

The lovers of music were in evidence Friday night, when the large auditorium of the Presbyterian church was filled to hear the splendid concert given by the Presbyterian orchestra. This affair being the first of its kind even held in Glendale, was a successful affair.

This creditable organization has over twenty members and Mr. Geo. Ketterling, the popular organist of the Presbyterian church, is the director.

Mr. Ketterling showed peculiar ability as an orchestra director, owing to the fact that every number on the program was artistically executed and in this well balanced program there was not one dull moment.

Miss Eleanor Strong, well known in Los Angeles as a singer and composer, gave several vocal numbers of Scotch and Irish melodies. Miss Strong recognized the applause by giving several encores.

Another pleasing feature of the evening was the flute parts played by Mr. Harry Greenwalt, formerly of Ohio. Mr. Greenwalt was a flutist of vast reputation, owing to the quality of tone he is able to produce.

The other popular musicians of this orchestra are:

First violins—William Bode, Frances Payne, Martha Porter, Leroy Mathews.

Cornet—J. T. Beach and Geo. Grist.

Trombone—J. S. Brown.

Second violins—John Stauffacher, Evangeline Quackenbush.

Cellos—Morris Caruthers, Ethel Barrows.

Piano—Gertrude Champlain.

Saxophone—Alice Gray Beach.

Horn—Geo. Blyth.

Bass—C. L. Bullard.

Clarinet—Ralph Carmichael.

Drums—Leo Goode.

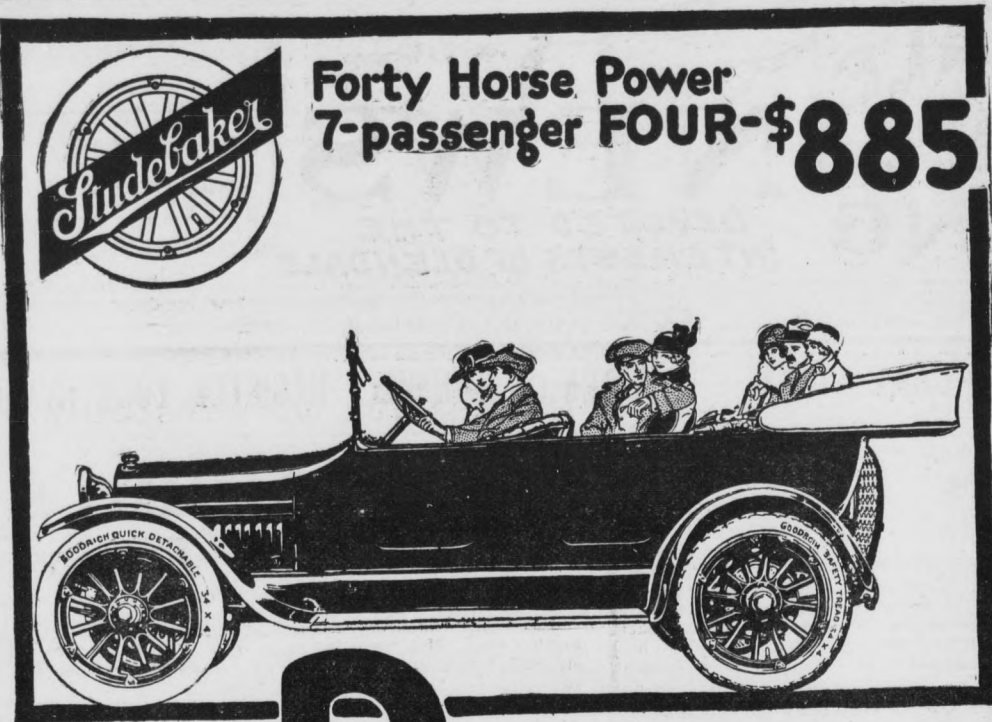

The prominent young director was overwhelmed with words of appreciation for the unusually high grade of music used throughout the program.

Mr. Ketterling received a musical training in Cincinnati and the U. S. C. College of Music. As an expression of the pleasing entertainment an immense bouquet of magnificent chrysanthemums was presented to the leader. However, we might add a neat sum was placed in the treasury.

The decided success will bring forth other concerts from time to time, as this band of musicians is not only a pride of the Presbyterian church, but a credit to any high-class community as well.

EASTERN STAR ELECT OFFICERS

Beemon, conductress; Miss De'la Echols, associate conductress. The installation of officers will take place on the evening of December 16th. All officers beside those already mentioned are appointed by the presiding worthy matron. Miss Fredonia Borthick, retiring worthy matron, was elected to install named officers. Guests to the affair will be admitted by invitation only.

Ladies of the Tuesday Afternoon club please notify the Hospitality committee not later than Monday, Nov. 15, if you will be present at dinner, November 23, as it is necessary that they notify the caterer by that date.

The cost of keeping a calf during its first four weeks is nearly double that of any other four-week period of its life.

OCTOGENARIAN HONORED

Age was sweetly honored with a birthday party on Friday when Mrs. James Hoffman presided as hostess complimentary to Mrs. D. E. Merritt of 135 East Second street, in celebration of her 86th natal day. Mrs. Hoffman well remembers the birthday as it was also the date of her own little mother, and each year makes Mrs. Merritt guest of honor at a party. Beautiful lavender chrysanthemums were used in profusion and an old-fashioned home-made pound cake was cut by the birthday child, served after the tasty afternoon tea. Mrs. Merritt lives in her own home with granddaughter, Mrs. McClain, and family. The other two guests were Mrs. M. E. Overton, 78 years of age, and Mrs. Kelley, mother of Mrs. A. W. Smith, who is in her 73rd year. The afternoon was spent in talking over old times, the Civil War, weaving and with what ease and comfort the present generation can accomplish everything. These dear elderly ladies can do the most beautiful and finest of embroidery and other needle accomplishments. Mrs. Merritt has just finished an all-plush quilt for her granddaughter and the workmanship upon it would put most of the younger women to shame.

AYE, THERE'S THE RUB

We're all often forced to rob Peter In order to settle with Paul. But some of us merely rob Peter And Paul never sees us at all.

INFORMAL DINNER

At their "comfy" little bungalow home, Mr. and Mrs. Gus Pulliam entertained dinner guests last evening in a delightfully informal manner. Many beautiful Japanese baskets filled with bougainvillea and fern fronds lent a picturesque appearance to the living and dining rooms. An elaborate course dinner was served at the well appointed table, in the center of which rested a crystal bowl from which bougainvillea strands and fern ran over the snowy cloth. Besides the gracious host and hostess, dinner, followed by an evening at cards and conversation, was enjoyed by Miss Alpha Prindle and the Messrs. George Robinson and Chas. U. Wells.

PASSING SHADOWS

Let them pass. Who would stop a cloud that overshadows his garden? The cloud is transitory—the garden blooms.—Lander.

DELIGHTFULLY SURPRISED

The spirit of merry making hovered over a courtesy of rare delight and harmonized the expression of sincerest friendliness when the ladies of the Foreign Missionary society of the First M. E. church arrived at the home of Mrs. A. L. Weaver, at the corner of Fifth and Louise streets the latter part of the week. The Weavers have very recently moved into their beautiful new home and the affair was more of a surprise house warming, the guests for the occasion bringing wonderfully dainty eatables, which at the close of the afternoon's enjoyment proved to make out a most elaborate collation.

Contributing to a most pleasing program were readings by Mrs. Henry Johnston and Mrs. C. W. Burchett, Mrs. Fra Moyse giving several vocal selections, which were also greatly appreciated. Ladies in attendance were Mesdames F. A. Wright, C. Shattuck, H. D. Goss, A. M. Brooks, Mrs. Ira Moyse giving several vocal B. D. Snudden, Arabella Ferguson, Ed. M. Lee, P. E. Love, William Lee, C. B. Lusby, Hattie M. Johnston, E. D. Potter, C. W. Spikerman, J. E. Weaver, Julia Beers, C. W. Burchett, L. J. McKeehan, A. G. Lindley, J. N. Marsh, J. Y. Anderson, A. C. Oliver, Henry Johnson, Gaffer and the Misses Olive Marsh and Nolan.

LIBERTY BELL CARS

It is important that the Glendale public should note the change in time of the running schedule for the Liberty Bell cars. The famous national relic will reach Los Angeles Monday morning at 7 o'clock. The chairman of the patriot committee of the Federation of Parent-Teacher associations, who has been making an effort to perfect plans whereby the children of the Glendale schools may have an opportunity to see this interesting historical object, has found it advisable to change the time of the special car service. It is quite likely that the cars may be held back by the line of march and many children might not reach their destination.

The special cars will run at 7:45 a. m. and every fifteen minutes to 8:30. The committee will not in any way be responsible for children. Parents must accompany their own children or see that they are in charge of responsible parties. Those old enough to go alone may be sent without a chaperone.

The Glendale cars will carry the children as far as Main street. After that the children will have to walk to San Pedro and turn east on Seventh street, where they will see the parade. The parade begins at 8 a. m. and it is necessary to be in Los Angeles early to witness it. It can be seen that under these circumstances parents must take the responsibility of caring for their own children.

LUTHERAN CHURCH

Every resident, tourist and visitor of Glendale and vicinity, not a member of any of our churches or a regular attendant of any, is most cordially invited and urged to attend the English Lutheran church service, held in the Seventh Day church, cor. Third and Isabel. It was the Master's custom to be present in some synagogue on the Sabbath day and if he sets the example it should be customary and felt necessary for every one who wishes to follow in his footsteps to do likewise. The best morals and highest respect for things sacred and good, regard for law and order, cannot be maintained in a community that neglects the house of God. The common good hence demands attendance upon the church services of the community.

No matter who you are nor whence you come you will find a warm welcome awaiting you and a place in which to worship God.

The pastor this coming Sunday morning at 11 o'clock will speak on the subject, "What Is True Public Worship?" And at 7:30 in the evening he will speak on "Religion the Supreme Thing in Life." All will be glad to welcome you.

Plain truths that will inspire the young to travel the straight and narrow path of temperance will be illustrated with clear and convincing facts and stories. The morning theme will be "The Possibilities of a Mother." Prof. Lowinsky, whose remarkable conversion at the service of last Sunday evening has aroused much interest, will again play his violin before each sermon of the day.

Mr. Roy Kent, superintendent of the Bible school, extends a hearty invitation to boys and girls out of Sunday school to the regular sessions of the Baptist school meeting at 9:30 a. m.
